BEFORE I WAS A TEACHER:

I grew up in Gilbert, Arizona (near Phoenix). I have 1 older brother who I love to compete against in just about anything. He is smarter than me, but I'm better at baseball... I went to public school kindergarten through 4th grade. My family moved across town and then I went to Christ the King Catholic School from 5th-8th grade. I graduated from Seton Catholic High School in 2006. I enjoyed playing on the softball team and being a member of the swim team. I like to joke that I have been swimming longer than I have been walking. My parents signed me up for parent-tot swim lessons around the age of 1 because I love the water so much and they were afraid that I would find my way into a pool and not know what to do. I graduated from Northern Arizona University in Flagstaff,
